

octalumina elements

Light frames with a system.

fas cina ting.

Light is irresistibly appealing. It has an elementary fascination. Unicellular organisms move towards the light, plants turn towards the sun, and our retina automatically reacts to every light source. It even influences our psyche, our feelings, our health. Hence, the question is not: light or no light? But: how can we use it to shine a light onto our product and company – and create a long-lasting visibility for them? Let us bring some light in the dark.

brilliance. xxl format. modular.

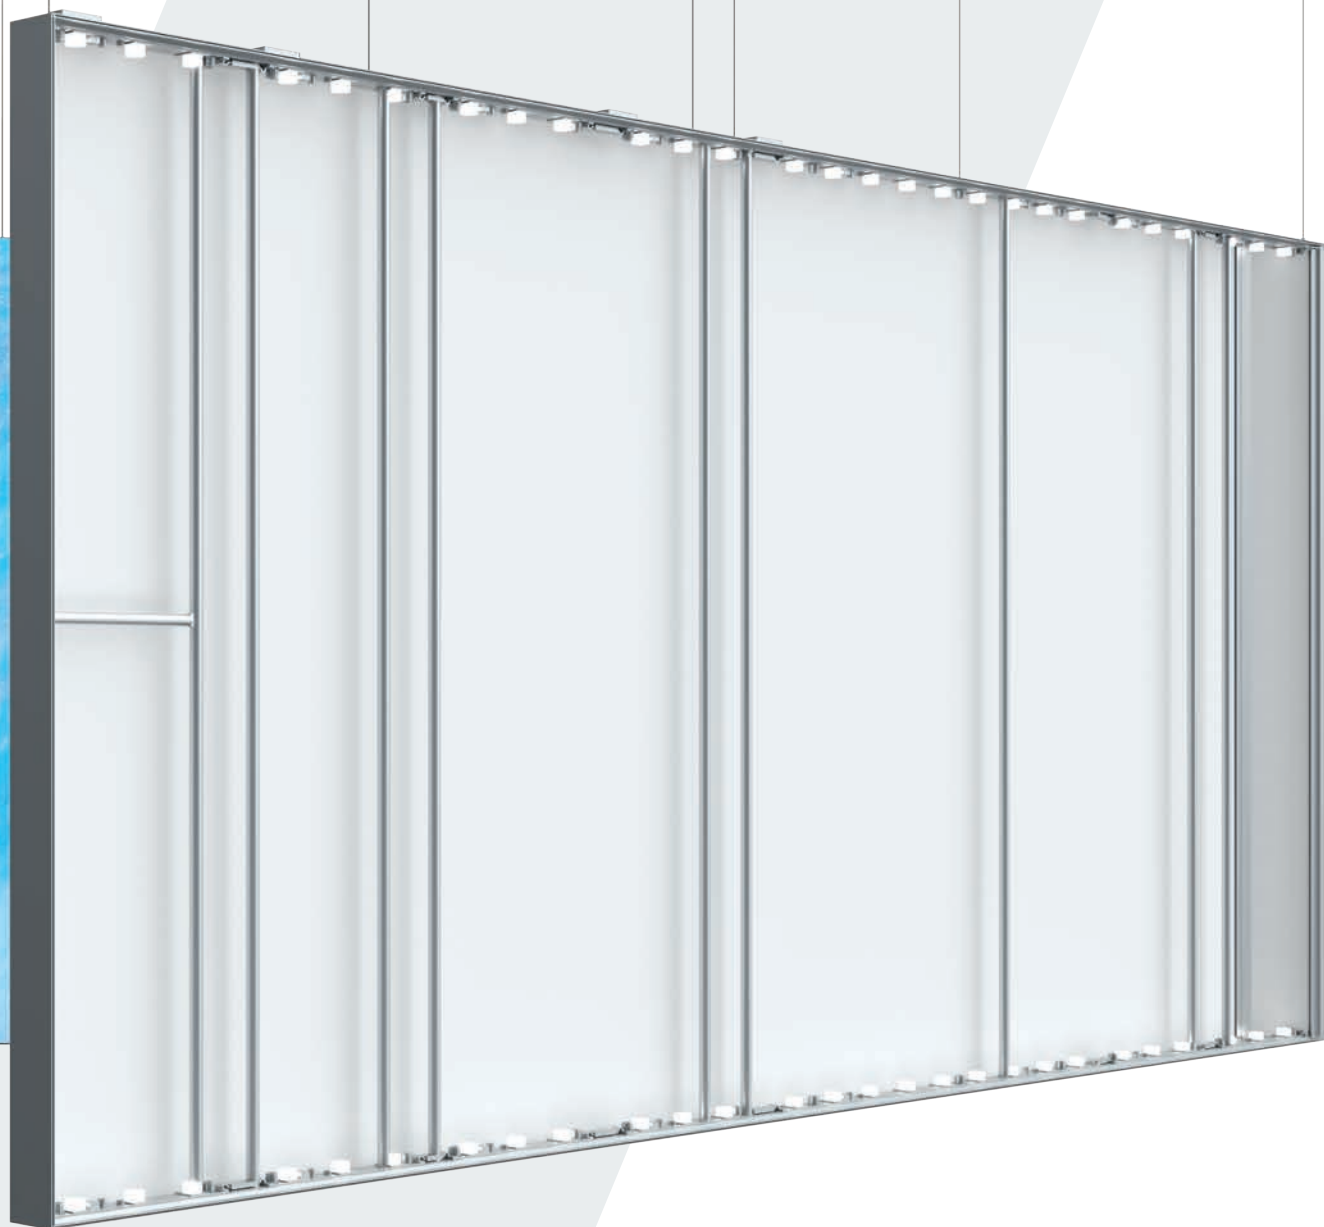

Creating new worlds.

Light attracts our attention — quite automatically. This effect, combined with large-format suspended light frames, immerses the viewer in a completely new world. With **octalumina elements**, these kinds of 360° presentation areas in XXL format can be realized quickly and efficiently.

➤ Technical Features

octalumina elements

high luminosity

modular design

space-saving
storage

durable and
energy saving

plug & play

quick assembly
and dismantling

silicone edge graphics

Huge presentation areas without interruptions!

The pre-wired modules can be connected with each other in no time and extended in length as required. The special feature: Fabric graphics are tensioned across elements and fixed in the continuous groove. This creates a maximally large area for individual content without interrupting the motif.

Cost efficient: space-saving and durable.

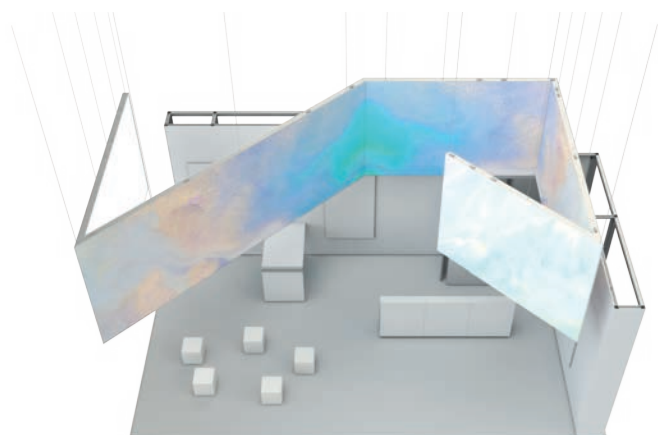

High-quality products that can be used for decades: We use first-class recycled aluminium for our extrusions and install LEDs that are also durable and at the same time energy-saving. However, costs are reduced not only thanks to many years of use but also because of low storage requirements. The light frames are quickly disassembled and can be stored in a spacesaving manner.

Ten modules for countless ideas.

Five different lengths, four corner elements and one start or end module – this is what sums up **octalumina elements**. True to the motto „Plug & Play“, the fixed grid and integrated cabling ensure simplicity from planning to installation.

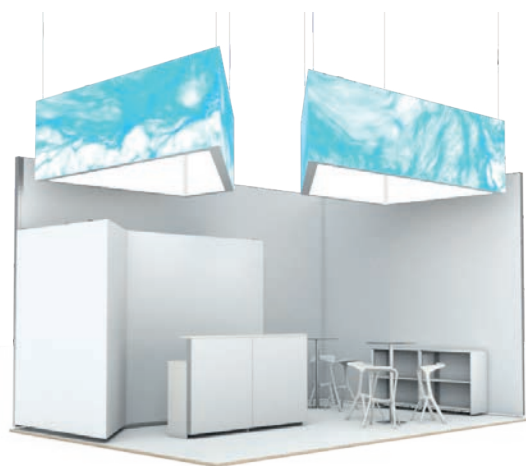

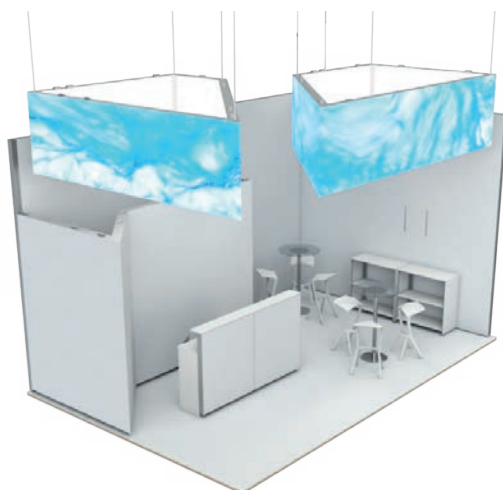

Advantages:

- modular design: can be extended as required
- continuous fabric surfaces
- closed spaces thanks to corner elements
- can be combined with **octalumina** family
- cost-efficient and reusable

Parts list

2	OL 1265-3000	element 3000 mm
5	OL 1265-2000	element 2000 mm

Light frame element 3000 mm width

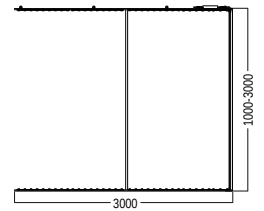

**Please
advise height
1000-3000 mm
when placing
the order.**

OL 1265-3000

Aluminium | 1 × frame element made of M 1901 with bracing, for double sided back-lit graphics, LED modules (17500 lm, 152 W) and power supply unit 240 W mounted, incl. 1 × cable 2 m with Schuko plug and 4 × screw eye OL 220 for vertical ceiling suspension

W 3000 × H 1000-3000 × D 120 mm

Light frame element 2000 mm width

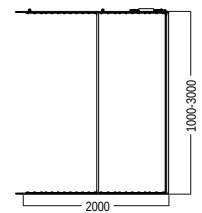

**Please
advise height
1000-3000 mm
when placing
the order.**

OL 1265-2000

Aluminium | 1 × frame element made of M 1901 with bracing, for double sided back-lit graphics, LED modules (11500 lm, 100 W) and power supply unit 150 W mounted, incl. 1 × cable 2 m with Schuko plug and 3 × screw eye OL 220 for vertical ceiling suspension

W 2000 × H 1000-3000 × D 120 mm

Light frame element 1000 mm width

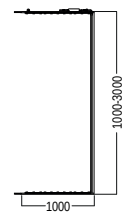

**Please
advise height
1000-3000 mm
when placing
the order.**

OL 1265-1000

Aluminium | 1 × frame element made of M 1901 with bracing, for double sided back-lit graphics, LED modules (5500 lm, 48 W) and power supply unit 60 W mounted, incl. 1 × cable 2 m with Schuko plug and 2 × screw eye OL 220 for vertical ceiling suspension

W 1000 × H 1000-3000 × D 120 mm

Light frame element 500 mm width

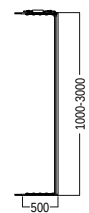

**Please
advise height
1000-3000 mm
when placing
the order.**

OL 1265-500

Aluminium | 1 × frame element made of M 1901 with bracing, for double sided back-lit graphics, LED modules (2500 lm, 22 W) and power supply unit 60 W mounted, incl. 1 × cable 2 m with Schuko plug and 2 × screw eye OL 220 for vertical ceiling suspension

W 500 × H 1000-3000 × D 120 mm

Light frame element custom size

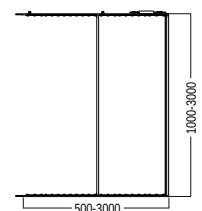

**Custom size:
Please advise
dimensions
when placing
the order.**

OL 1265-So

Aluminium | 1 × frame element made of M 1901 with bracing, for double sided back-lit graphics, LED modules and power supply unit mounted, incl. 1 × cable 2 m with Schuko plug and screw eye OL 220 for vertical ceiling suspension

W 500-3000 × H 1000-3000 × D 120 mm

Components

octalumina elements

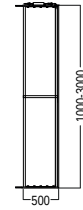

Light frame start/end 500 mm width

OL 1265-E500

Aluminium | 1 × end frame element made of M 1901 with bracing and end extrusion, for double sided back-lit graphics, LED modules (2500 lm, 22 W) and power supply unit 60 W mounted, incl. 1 × cable 2 m with Schuko plug and 2 × screw eye OL 220 for vertical ceiling suspension

W 500 × H 1000-3000 × D 120 mm

Please advise height 1000-3000 mm when placing the order.

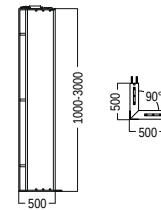

Light frame element 90° corner

OL 1265-W90

Aluminium | 1 × corner frame element 90° made of M 1901 with bracing, for double sided back-lit graphics, LED modules (3000 lm, 26 W) and power supply unit 60 W mounted, incl. 1 × cable 2 m with Schuko plug and 2 × screw eye OL 220 for vertical ceiling suspension

W 500 × H 1000-3000 × D 500 mm

Please advise height 1000-3000 mm when placing the order.

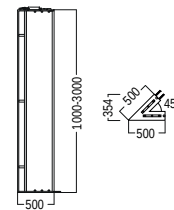

Light frame element 45° corner

OL 1265-W45

Aluminium | 1 × corner frame element 45° made of M 1901 with bracing, for double sided back-lit graphics, LED modules (3000 lm, 26 W) and power supply unit 60 W mounted, incl. 1 × cable 2 m with Schuko plug and 2 × screw eye OL 220 for vertical ceiling suspension

W 500 × H 1000-3000 × D 354 mm

Please advise height 1000-3000 mm when placing the order.

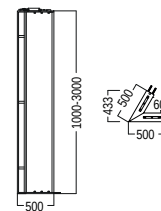

Light frame element 60° corner

OL 1265-W60

Aluminium | 1 × corner frame element 60° made of M 1901 with bracing, for double sided back-lit graphics, LED modules (3000 lm, 26 W) and power supply unit 60 W mounted, incl. 1 × cable 2 m with Schuko plug and 2 × screw eye OL 220 for vertical ceiling suspension

W 500 × H 1000-3000 × D 433 mm

Please advise height 1000-3000 mm when placing the order.

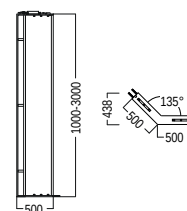

Light frame element 135° corner

OL 1265-W135

Aluminium | 1 × corner frame element 135° made of M 1901 with bracing, for double sided back-lit graphics, LED modules (3000 lm, 26 W) and power supply unit 60 W mounted, incl. 1 × cable 2 m with Schuko plug and 2 × screw eye OL 220 for vertical ceiling suspension

W 500 × H 1000-3000 × D 438 mm

Custom size: Please advise dimensions when placing the order.
